# OLD FRIENDS AT THE OLD SWEET

Things That Have Been Always, but Always New to the Season's Arrivals.

BEAUTIFUL AND IMPROVED

Hotel and Cottages Filling With Familiar Faces and With New Visitors.

(Special to The Times-Dispatch.)
OLD SWEET SPEINGS, July 14.—To one unfamiliar with the Sweet Springs Valley, the drive from Alleghany to the Old Sweet is a constant source of de-light, whether taken in the cool of the morning or on a moonlight night. The morning or on a moonlight night. The ever-varying scenery, now wild and rugged now broadening into cultivated fields, and always enlivened by the picturesque creek, which is crossed some half a dozen times, proves so interesting to the traveler that he is surprised when the Grand Hotel bursts upon his sight in its massive Colonial beauty; the ten miles' drive, over a good mountain road, having been covered in something less than two hours.

The place is now looking its best, extensive improvements having been made in the last two years. A liberal use of white paint and kalsoming give freshness to the buildings, while brilliancy is added by the electric lights, which illuminate the hotel and lawn. Nor have more serious things been neglected, new drainage, ventilators, a new klichen building and everything necessary to insure perfect sanitary conditions having been put in everywhere.

The season is still young here, but every train brings its quota of guests from all directions and another week will find morning or on a moonlight night. The

The season is still young here, but every train brings its quota of guests from all directions and another week will find everything in tull swing.

Angarolas' Orobestra, from Philadelphita, discourses sweet muslo on the lawn and in the ball-room, which is very animated every evening. It was especially so on Monday, when a party of young gapple, including Miss Ella Binford and Dr. Russell Ceell, Ir., of Richmond, drove over from the Sweet Chalybeate for "dlinner and a dance."

A few enthusiastic golf-players enjoy the excellent nine-hole course; riding parties explore the beautiful country on horseback, and return laden with rhodedendron, black-eyed Susans, daises or chestnut blossoms, while the swimming pools have their devotees who never miss the daily bath.

### DISTICHS AND SAWS

(From "Hudibras" and "Miscellanies.")

By SAMUEL BUTLER.

Samuel Butler was born at Strensham, in Worcestershire, in 1812, and cled in London in 1880. After leaving Worcester Cathedral Echool he started in life as justice's derk to a Mr. Jafferies, at Earl's Croome. He was next at Wrest, in Badfordshire, in the service of the Countess of Kent, and here he met and worked for John Belden. Finally he formed part of the household of Sir Samuel Luke, a Preshyterian colonel, "Scout-master for Bedfordshire and Governor of Newport Pagnell." At the Restoration he was made secretary to the President of Wales and stward of Luddow Cartle, and in 1863, at full fifty years old, he published the first part of the immense lampoon, whose authorship has given him his place in English letters. The second part of 'Hudioras' was issued in 1883; the third in 1873. Two years afterwards Butler died.

ARDENT ADMIRERS

Delightful Excursions and Round of Entertain-

(Special to The Times-Dispatch.)
OROCKETT SPRINGE, VA., July 24—
Some one has apity said, "Man made
the city, but God made the country,"
and, as one beholds for the first time
the wilderness of beauty and bloom surrounding Crockett Springs, he realises
the appropristeness of the old saying, and
feels that this little corner of Virginia is
indeed "God's country" and His own
bright garden of leaf and flower."
The peaceful valley lies like an emeraid lake, its grassy meadows rippled
by the breezes that blow strong and
fresh from the hills stretching away to
the east. On the north and west, the
wooded spur of the mountain lovingly
clasps the white buildings of Crockett's,
like the brawny arm of a giant encircling
a snow-white maid.

The air is in itself a tonic, healthful and life-giving. The water gives fresh vigor to young and old. Add to these the substantial comforts incident upon a thoroughly equipped establishment, under the best management, an excellent crusine, and assiduously attentive corps of servants, unexcelled backing facilities, pleasant rooms, numerous diversions and amusements, both indoors and out of doors, a most agreeable and delightful company of charming, cultured people, and one can easily understand why Crockett is a gathering place for summer-goers from all sections of the country, and why the guests that come here year after year, never seem to tire, but have an ever-increasing fondness for this delightful spot.

have an ever-increasing fondness for this delightful spot.

Among the most ardent admirers of Crockett, is Miss Bertha Leeds, of New Orleans, a pette, charming little lady, whom the children regard as a god-mother gracious and fairy bountiful. Miss Leeds spends all her summers here, and by her vivacity and charm contributes greatly to the pleasure of those about her.

Miss Ottelia Binderwald is a veritable Miss Ottelia Binderwald is a vertiable fairy of the ball-room, a marvel of grade and activity, and an enthusiastic devotes of the terpsichorean art. Richardson are the acknowledged champions in the bowling contests that occure every morning.

Horseback parties are much in vogue. A day or two ago a large party rode to Fisher's View, an inexpressibly lovely pass in the mountains, which takes its name from the anraptured artist who discovered it.

The next day was the occasion of a delightful excursion to Stiles's Falls. This beautiful cataract takes its name from the story of one Mr. Stiles, who loved "stot wisely, but too well." His whimsleal lady-love, in a myment of petulance, exacted from the aforesaid Mr. Stiles a proof of his affections by daring him to jump the cataract, and the missuided, but devoted young swain, to prove his love, obeyed. I never heard how much of his body was recovered, but "Tis not love but vainity. Sets love a task like that."

Among the Richmonders who are already at Crockett's are Mr. Wray T. Knight, Mr. A. R. Nott, and Miss J. R. Henning, Mrs. R. H. Duesberry, and her lovely blonde daughter, Mrs. William Bidgood, of Notile, are here, and will probably be remembered by many Richmond people, among whom they lived several years ago.

Lie ball of last night was a great success. Time forbids more than a passing montion of the handsome costumes and graceful dancing. The orchestra acquitted themselves in an unusually excellent manner, and everything concurred to make the occasion one of real enjoyment.
